

PENNOCK GROWERS

NURSERY

Welcome to our nursery. We are located on the east coast of PR approximately 40 miles from San Juan. The nursery sits on 150 acres of a former sugar plantation that was converted from a single crop agricultural enterprise to Puerto Rico's most sophisticated and all inclusive nursery. After years of planning, site preparation, planting, and fine tuning, Pennock Growers, Inc is well positioned to offer a complete line of plants, trees, shrubs, and groundcovers for the Puerto Rico and Caribbean Landscaping Market.

SOD

Contiguous to the nursery property we have dedicated approximately 115 acres to the production of Sod. Currently we grow two varieties consisting of Zoisia Manila and Tiffen Bermuda 419, a hybrid golf course grass. We feel that by offering these two varieties, we can service the needs of the Puerto Rico landscape business and the golf course construction that is ongoing throughout the island.

Pennock Growers, Inc. is dedicated to the design, construction and maintenance of commercial and residential landscaping, landscape lighting, arborist services, and the sale and distribution of ornamental plants, trees, palms and sod in Puerto Rico and our neighboring islands.

LANDSCAPING

Our landscape department team, consisting of agronomists and an in-house landscape architect will be at your request to tackle the design and implementation of your landscape needs. With over 10 years of service in the industry we have established ourselves as "THE" landscape provider on the island.

The visions of today's most prominent developers, general contractors and landscape architects are brought together by Pennock Growers. As an experienced, licensed and bonded contractor, we perform landscape construction and site engineering projects of all types and sizes. But is our professionalism and customer relations that sets us apart. We're directly involved in every project, helping it build its full potential.

MAINTENANCE

Landscape Maintenance

As one of Puerto Rico's leading landscape maintenance firm, we handle every aspect of landscape care for a wide range of customers-from resorts and retail centers to public spaces and homeowner's associations. Delivering both local expertise and resources, we understand how a well maintained landscape attracts people and adds to your property value. Our workforce is known for deep horticultural knowledge, innovative problem solving, high safety standards and a track record of outstanding work. When you partner with us, you'll work with local professionals dedicate to your landscape's enduring beauty and value.

Tree Care Services

You can count on Pennock grower Tree Care Services to provide cost effective solutions to help preserve your trees, maximise their health and beauty, and reduce potential liability.
